

K-LOVE provides a positive radio station that serves the entire family. If K-LOVE were displaced by a LPFM broadcaster we would lose out on the good quality programming that K-LOVE currently provides for our area. K-LOVE is currently a one of very few radio station that provides commercial free Christian music to our area. There are many other options for the secular community in regards to radio stations available. I believe that K-LOVE provides a service to our area that is positive and encouraging to anyone who listens to it. K-LOVE provieds a positive alternative for it's listeners.
